

Yudian Community Volunteer Award 字典社区服务

The Yudian Community Volunteer Award has been established since November 16, 2006, the day Yudian He was honored with Minoru Yasui Community Service Award. Denver Mayor John Hickenlooper named that day as "Yudian He's Day in Denver Colorado". At Yudian's choice, Great Wall Chinese Academy was honored to receive a grant of \$2500 from Minoru Yasui Community Volunteer Award; and it announced, on the same day, to use the grant to setup Yudian Community Volunteer Award in recognition of those who have demonstrated active and distinguished services to our community as Yudian did. The Yudian Community Volunteer Award will honor many youth students who make difference in our community by their volunteer works starting 2007.

Throughout the year Great Wall Chinese Academy brought its youth students to visit the hospital, Chinese heritage camp, Chinese Children adoption center, and helped in many community events.
