Press Release, May 14, 2008

The May 12 earthquake in Sichuan Province in China has impacted Great Wall Chinese Academy (GWCA) in a very personal way. Many people in our school have families, relatives, schoolmates or friends in Sichuan province. The small school in a remote poor village adopted by GWCA last year is located in Sichuan province. The sister school to Chaparral High school of Douglas County is located in Sichuan. According to the email from a teacher at Chaparral High, several of her Chinese friends in that sister school reported missing family members.

Many caring people want do something to help the victims in this tragic event. Friends, co-workers, neighbors, and families of GWCA have asked GWCA on what they can do to help. Yes, we can help, help to the earthquake relief effort in Sichuan, by making donations. Great Wall Chinese Academy will host China Sichuan Earthquake Relief Fundraising event on May 18, 2008 at Highlands Ranch High School. We sincerely thank all the people for their kind and loving supports.
