

# *Yudian Community Service Award*

## **ABOUT THE AWARD**

The Yudian Community Service Award is named for Yudian He, a young man who was confined to a wheelchair following an automobile accident immediately after his sophomore year at George Washington High School in Denver. Due to his subsequent academic accomplishments and selfless community service he received many awards, including the 2006 Minoru Yasui Community Service Award. He donated his entire cash prize to Great Wall Chinese Academy to seed a new community service award; the new award was named for Yudian.

The Yudian Community Service Award recognizes high school students who have demonstrated active and distinguished service to our community. Yudian's purpose in establishing the award was to inspire students to make difference in our community by their volunteer contributions and commitment to community service.
