Principal Message by Yanping Zhu

The Great Wall Chinese Academy (GWCA) has been in its eighth year now. It has created a nurturing environment for families from Denver metro community to learn the Chinese language and culture. GWCA is a family-friendly community that encourages the social interaction of students and their families. Currently The academy has more than 200 registered students, 30 plus Chinese teachers for total of 18 language classes and 10 culture and enrichment classes. GWCA has a great diversity of students population, 40% are from none Chinese heritage families, especially in our pre-school level classes, 70% students are from none Chinese-heritage families.

Over 2012, GWCA students have archived tremendously in both academic and culture areas through their participation in our weekly Sunday Chinese school and community activities and events. GWCA has 2 high school students graduate this year; there are 6 students took AP/SAT Chinese test, 37 elementary students took YCT (Chinese Proficiency Test for Youth) and 26 mind-high school students took HSK (Chinese Proficiency Test for college and adults). The academy hosted the annual Chinese New Year celebration event and the school Christmas celebration event; GWCA brought students and families to participate the Dragon Boat Festival, the Taste of Colorado, the Coors International Night and volunteered in nursing homes. GWCA is really proud of our students and support from their families.

With our great teachers, hard working students and their parents support, we made great achievement this year, Thank our volunteer administration staff and their week to week hard working which made Great Wall Chinese Academy possible. Thank you all for all the support you provided to our school and we are looking forward to another great year and many years to come.
